LOCOMOTIVE REPAIRS, RAILROAD RADIOFICATION IMPROVE

REPAIR WORK SPEEDED -- Kommunist, No 179, 31 Jul 49

A broken locomotive connection was repaired in the depot of the "Uzbekugol" Coal Trust without cooling the firebox of the locomotive, a process which usually takes 7 - 8 hours. The broken connection was repaired in 15 minutes by workers wearing wet canvas suits and masks and standing on special mats.

Zurya Vostoka, No 145, 26 Jul 49

At the end of 1948, the Toilisi Electric Iccomotive Depot worked out a schedule for completing the medium repair of electric locomotives in 12 instead of 18 days. This schedule has not only been met, but the time has been decreared another 3 days in some instances.

Sovetskaya Litva, No 179, 31 Jul 49

The boiler shop of the Kaunas Locomotive Depot has begun to equip 52 series on locomotives with boiling pipes, which raises the temperature of the surface of the boiler and saves considerable quantities of fuel.

In July the depot handled 70 above-norm-weight trains.

LOCOMOTIVES MAKE LONG DAILY RUNS -- Trud, No 179, 31 Jul 49

In recent months more than 1,600 locomotives are have achieved an average daily distance traveled of 500 or more kilometers. About 1,900 locomotives are now averaging 400-500 kilometers per day.

RR RADIOFICATION PROGRESSES -- Pravda, No 214, 2 Aug 49

. Complete radiofication of all intermediate stations, trackside barracks, and shacks on the Railroad System imeni V. V. Kuybyshev has been finished. In all, 1,862 points, including 233 stations and 898 shacks, were radiofied: 626 tube sets and about 1,000 crystal sets were installed.

Sovetskaya Litva, No 176, 23 Jul 19

Communications workers of the Lithmanian Railroad System have completed the Five-Year Plan for radiofication of the system.

DATA ON RAILROAD SCHOOLS -- Krasnaya Zvezda, No 179, 31 Jul 49

This year about 1.3 million persons studied in primary and secondary transport schools. There are at present in the railroad network 152 technical schools, 25 trade schools, and 13 institutes. More than 21,000 doctors and 60,000 workers of the secondary medical staff guard the health of railroad workers. Last year 123,000 railroad workers rested in sanatoriums and rest homes, and this year more than 160,000 will do the same. Piencer camps took 220,000 children of railroad workers this summer.

Gudok, No 102, 26 Aug 49

The Moscow Order of Labor Banner Electromechanics Institute of Railroad Transport Engineers imeni F. E. Dzerzhinskiy announces the opening of registration of graduate students for the 1949-1950 school year in the following specialties (requiring leave from work): Diesel locomotives, exploitation of rolling stock, railroad cars, automatic trakes, construction and track machines, electric power supply, and thermotechnics. The institute also has a section on automatic brakes which does not require leave from work. Applications will be accepted until 20 September. Examinations will be hold 20 - 30 September. Address: Moscow, Novecushohovskaya, 26. -- Advertisement.
